National Guard To Get New Vehicles

Michigan's National Guard will go to camp this summer in new motor vehicles, Brig. Gen. George C. Moran, state adjutant, announced.

The National Guard's fleet of World II vehicles, including more than 1,000 trucks, jeeps and trailers will be replaced by new rolling stock within the next two months, Gen. Moran said.

Gen. Moran said the new vehicles will probably include 250 trucks of the latest design, the new Eager Beaver or GMC hydraulic vehicles.

Guard units will send their old vehicles to the Detroit military arsenal for processing before being returned to the federal government. Convoys are expected to arrive in Detroit daily for the next two weeks.

Included in vehicles being turned in are 200 jeeps, 120 3/4-ton trucks, 347 W 1/2-ton trucks, and 308 trailers.

Postoffice Announces Postal Law Changes

The Grayling Post Office announces two mail regulation changes that went into effect last Saturday, March 22; one deals with air mail parcel post to men in service and the other to the purchase of postal cards.

Starting last Saturday, no package weighing more than 2 pounds or measuring more than thirty inches in length and girth combined can be accepted for air mail parcel post, the Grayling Post Office said.

Also effective last Saturday, the ten per cent penalty for buying 50 or more postal cards was thrown into discard. One of the most unpopular moves made by the Post Office Department in recent years, it was rescinded by Congress. The vote against the measure in the House of Representatives was unanimous. Users of large amounts of postal cards will no longer be penalized, post office sources said.

The Convention also adopted a resolution favoring the election of present State Republican Central Committee Chairman Owen J. (Pat) Cleary as Secretary of State for which he has announced his candidacy.

E. R. Burns who has served as secretary-treasurer of the County Republican Committee for several years tendered his resignation to Chairman Clement. It was accepted after Chairman Clement and former Chairman Charles E. Moore spoke at length of the fine work that he had accomplished in that post. U. Harley Russell was elected as the new secretary-treasurer by a unanimous ballot.

A lengthy discussion was held on financial problems and the possibilities of holding one or more Republican rallies in the county this summer.

Kiwanis Club Notes

John H. Peterson, secretary-treasurer of the Grayling Winter Sports Association, Inc., was the speaker at Monday night's meeting of the Kiwanis Club of Grayling held at the Lone Pine Inn.

He spoke on the contrast in the operation of the park this past season against the season before. Although there was a smaller attendance this year and the gate receipts declined, toboggan slides and rental of ski equipment and towls climbed to a large degree.

Coots this past season were also smaller.

Peterson told of the plans of the Conservation Department to build a new larger warming building at the park. He also said that the Department would like very much to see the Grayling Park equipped by the people of the area with at least five more ski towls. Estimates as to the cost run about \$5,500. This would bring ski facilities more nearly in line at the Grayling Park with other winter sports areas.

Employees at the park have offered to install the new ski towls without labor charge if the equipment is provided, he added.

It was voted by the group to hold a banquet as usual. The banquet is to be held at Brown's AuSable River Inn on Thursday evening, April 24th at 7:00 P. M. Prizes are to be awarded as if the group had bowled a full season. This was authorized later in a letter from the Bowling Congress sent to the league secretary Mrs. Erma Burch.

The letter also stated that the group is to keep the same officers until such time as definite plans can be made concerning the continuance of bowling.

"Tails I Win, Heads You Lose"

Everyone, right down to those in the low income brackets, feels the tremendous burden of present-day taxation. Everyone kicks about it. But there is one phase of the tax problem which is given much less consideration than it deserves—and that is what it is doing to the whole financial structure of the nation.

Economic Intelligence, a publication of the Chamber of Commerce of the United States, dealt with this when it said, "Steeply progressive taxation has virtually dried up the sources of venture capital, so essential for launching new enterprises. It has become more and more difficult, therefore, for the exceptional man, the ambitious employee, the man with a new idea, to set himself up in his own business. And such activities have been the traditional well springs of our American way of life."

Taxes now take close to one-third of the entire national income—which means that, on the average, each of us works one day out of three for the government. In the higher income brackets, taxes take the majority of the income. Thus, if a man takes a chance, risks his time and money and energy, and succeeds, as much as 90 per cent of all he earns may go to government. If he fails, he must bear the loss himself. It is strictly a "tails I win, heads you lose," proposition. Nothing is more damaging to ambition, incentive, progress.

A nation can destroy itself from within—and no weapon is more powerful than excessive taxation, along with flagrant waste and corruption in government. This is the dark road we have been traveling.

"... centrally administered controls will not and cannot work efficiently in a capitalist economy, no matter how wise, talented, and honest the administration may be." Bennett S. Chapple, Jr.

Dedicate Youth Chapel, March 16th

In a special ceremony during the Sunday school hour, the chapel, prepared for the special use of the Senior Youth Department was dedicated by Rev. R. C. Puffer. The room off the balcony, formerly used as a class room, has been transformed by the addition of red draperies, a pulpit, and an altar, into a chapel which will accommodate sixteen worshippers. The seniors, meeting regularly in the balcony for their Sunday School lesson, usually end the hour with a fifteen minute worship service in this chapel. A memorial to their son, James, who was a schoolmate of most of the young people in the department, Mr. and Mrs. Kumpula and Mrs. Augustus Funck were guests of the department on this occasion.

Engagement Announced

GRETCHEN CHRISTINE PAYNE
Mrs. Edith M. Payne of Fredonia is announcing the engagement of her daughter, Gretchen Christine, to William Welsh, son of Mrs. Henry Kallmair of Dearborn. Gretchen was a member of the class of '48 of Grayling High School, later attending the Northwestern School of Commerce of Bay City. For 3 1/4 years she was employed as secretary in the Sun Life Insurance office in Bay City, which position she resigned recently to accept a position as secretary in the office of the Public Relations Manager of the Ford Motor Co. in Detroit. Mr. Welsh was recently discharged from the U. S. Navy after four years service. A June wedding is planned.

COUNTY NEWS

Fred and Mable Crooks left for Detroit Monday for a two week visit in Flint and Detroit, also will call on the Allisons at Corunna. Barney Sajdak motored to Buchanan Monday taking Fred Sampson to his home. Mrs. Sampson remains at their Fredonia cabin and will redecorate the same while here.

Hans Jungman left Grayling on the midnight Saturday to report for duty Monday morning on the Steamer G. R. Fink of which Bob Leng is captain, at Sandusky, Ohio.

Jack Sr., Jim, Art and sister Ella enjoyed a chicken dinner at their "Mom" Bingham's at Grayling Sunday and all enjoyed it and how Mom and Ella can cook. Lyle Charron entertained four the Tuesday and Wednesday of last week.

The Tom Howard family left for Hughes, Arkansas, Tom's old home, to visit his grandmother who is ill. They expect to be gone 10 days and we sure wish them success on their trip.

High School Club Makes Field Trip

The Grayling High School Conservation Club made a field trip on Friday, March 14. They combed a swamp west of Grayling just north of M-72. They found two dead deer and an autopsy was performed on one in the field which definitely proved that the animal died of starvation.

The group returned to the Conservation Equipment Building north of Grayling near the airport where an autopsy was performed on the second deer and embryos of twin fawns were removed. The group then heard a talk by Milo Byelich of M-72 area game supervisor and Otto Failing of Grayling, area game supervisor of that district. The group was accompanied on their trip by Conservation Officer Forrest Annis of Grayling and several other department men. The school bus was used for the trip which proved most instructive and interesting. The Club was told to find what they felt was the smallest and youngest cedar tree found in the swamp. An age study made on the tree revealed that it was 28 years old, showing that new growth was not springing up in the swamp due to over browsing.

Mrs. Walter LaMotte, Jr., and family of Grayling were week end visitors at the Herb Nugent home. Mrs. LaMotte's birthday was celebrated, each one declare a nice time.

Richard Sajdak called his Mom, Mary from Wichita Falls, Texas. He has been having a hard time having teeth extracted. It's rough but he likes it. Richard says don't hang up Mom and tell everyone to write. His address is Pvt. Richard R. Sajdak, A. F. 16, 402-980, Sqd. 3741, Ft. 264, Sheppard A. F. B., Wichita Falls, Tex.

Mr. and Mrs. Charles Madill of Frederic motored to Port Huron Wednesday to attend the funeral of Abbie's aunt, Mrs. Margaret Charron, who died at the age of 82 years. They returned home Friday.

Hugo Harnack will be at home in Pontiac after April 1st.

The AuSable Souvenir-Works are going strong again and its nice to see all those families faces, especially the Madills and Johnsons. We all enjoy our work. Many employees remembered St. Patrick's Day by wearing their green ties and shirts.

Roy Lance had an unusual experience on driving to Frederic Monday morning. A deer crossed the road in front of the car. In trying to jump across the ditch, his hind feet went so deep in the mud, he just couldn't make it.

Roy stopped the car and helped the deer out of the muck and it went happily on its way. Roy says the buck was in very good condition. A word from Roy's brothers wife who just motored from St. John to Tuscola, Arizona and home again. Florence made the trip alone.

Mr. Spike McNeven
Grayling, Michigan

The Roscommon Chamber of Commerce wish to take this opportunity to express to you our deepest regrets in the recent loss of your business establishment. The loss was not only a great one for you and the City of Grayling but to our community as well.
